

LIBRARY (LIB)

Courses primarily for undergraduates:

LIB 1600: Introduction to College Level Research

Credits: 1. Contact Hours: Lecture 1.

Eight-week course required for undergraduate degree. Provides a foundation for college level research. Students will develop the critical thinking skills necessary to successfully navigate the research process: developing a research question, searching strategically, evaluating sources, and using information ethically. To be taken as early as possible in the student's undergraduate career. See course descriptions of ENGL 1500 and ENGL 2500 for requirements related to LIB 1600. (Typically Offered: Fall, Spring, Summer)

Courses primarily for graduate students, open to qualified undergraduates:

LIB 5600X: Advanced Research Skills for Graduate Students

Credits: 2. Contact Hours: Lecture 2.

Prereq: Graduate classification

Development of a solid foundation in advanced research skills necessary to navigate the complex landscape of academic research. Covers a wide range of topics, from developing a research question to the ethical considerations of using and creating new information. Emphasizes hands-on experience with modern research tools, library resources, and data management practices. Offered on a satisfactory-fail basis only. (Typically Offered: Fall, Spring)
