TECHNICAL COMMUNICATION

The Technical Communication major (and minor) prepares students for careers that involve writing and designing a wide range of texts, including online content. The major prepares students to make scientific, business, and technical information clear and usable for their intended audiences. Courses emphasize research, critical thinking, collaboration (with other content developers and subject-matter experts), organization, writing, editing, and design. Some students double major in Technical Communication and a technical or scientific field. Technical Communication is also often a second major or minor for students who major in English (http://catalog.iastate.edu/collegeofliberalartsandsciences/english/).

Technical Communication Major Requirements

Majors develop advanced skills in multiple aspects of technical communication and apply their knowledge of technical communication to a specific discipline. Technical communication majors must take 33 credits within the major and 6 hours in a designated area of concentration related to science, technology, or design (an acceptable minor will also fulfill this requirement).

ENGL 214 Introduction to Technical Communication 3
ENGL 310 Rhetorical Analysis 3
ENGL 313 Rhetorical Website Design 3
ENGL 314 Technical Communication 3
ENGL 415 Business and Technical Editing 3
ENGL 416 Visual Aspects of Business and Technical Communication 3
Electives: 9 credits (with at least 6 credits from 400 or above courses) 9

Designated Area of Concentration (DAC) in technical, scientific, or design field 6

Total Credits 33

Designated Area of Concentration Courses

The Designated Area of Concentration (DAC) is a student-designed grouping of related courses in a technical, scientific, or design field that will meet the student's professional or academic interests. Courses for the 6-credit DAC must be taken outside the English Department and approved by the Technical Communication Program Advisor. A second major or a minor in areas such as computer science, social science, natural science, entrepreneurial studies, design studies, engineering studies, or another technical, scientific, or design field may substitute for the DAC.

Technical Communication, B.S.

Freshman

Fall Credits Spring Credits
ENGL 150 (or Engl 250 by placement or transfer credit) 3 Social Science Choice 3
Humanities Choice 3
World Language/Elective 3
MATH or STAT 3
LIB 160 1 ENGL 250 (if not in Fall); or ENGL 310 3
ENGL 214 3

17 17

Sophomore

Fall Credits Spring Credits
ENGL 310 (or 313 or 250) 3 Technical/Scientific/Design Course 3
Social Science Choice 3 ENGL 314 3
U.S. Diversity Choice 3 ENGL 313, 310, or TComm Elective 3
Natural Science Choice 3 Humanities Choice or elective 3
Elective/Minor 3 TComm Elective/Minor 3

15 17

Junior

Fall Credits Spring Credits
TComm Choice: ENG 416, 477, or other 400-level TComm course 3 ENGL 415 3
Elective/Minor 3 Minor 3
### Technical Communication Major Requirements

Technical Communication majors are required to have, in addition to ISUComm foundation courses (ENGL 150 [Critical Thinking and Communication](http://catalog.iastate.edu/search/?P=ENGL%20150) and ENGL 250 [Written, Oral, Visual, and Electronic Composition](http://catalog.iastate.edu/search/?P=ENGL%20250)), at least 33 credits in TComm (including 6 credits in a designated area of concentration). Majors transferring from other institutions must take at least 18 of their credits in TComm while in residence at Iowa State.

To graduate with a major in Technical Communication and meet the university-wide Communication Proficiency Grade Requirement ([http://catalog.iastate.edu/collegescurricula/](http://catalog.iastate.edu/collegescurricula/)), a student must have credit for ENGL 150 Critical Thinking and Communication and earn at least a C (not C-) in ENGL 250 Written, Oral, Visual, and Electronic Composition as well as in each of the courses taken to fulfill the program of study, including one advanced communication course.

Students in all ISU majors must complete a three-credit course in U.S. diversity and a three-credit course in international perspectives. Check [http://www.registrar.iastate.edu/courses/div-ip-guide.html](http://www.registrar.iastate.edu/courses/div-ip-guide.html) for a list of approved courses. Discuss with your advisor how the two courses that you select can be applied to your graduation plan.

### Technical Communication Minor Requirements

The department offers a minor in Technical Communication, which students may earn by completing the following:
