

AGRICULTURAL STUDIES

Undergraduate Study

For undergraduate curricula in agriculture and life sciences education, and agricultural studies, leading to the degree of bachelor of science, see College of Agriculture and Life Sciences, Curricula. (<http://catalog.iastate.edu/previouscatalogs/2021-2022/collegeofagricultureandlifesciences/>)

The department offers two curricula for students desiring to enter careers in agriculture and related fields. These curricula are agriculture and life sciences education and agricultural studies. The agricultural and life sciences education curriculum prepares persons for careers as agricultural education instructors, and educational specialists for industry, nonprofit organizations, and governmental agencies.

The agriculture and life sciences education curriculum has two options, teacher certification and communications. The agricultural studies curriculum has two options, production and management and multidisciplinary. Students are prepared for careers in production agriculture and agricultural industry. Graduates of both curricula accept positions in agricultural business, industry, agencies, and production agriculture.

Graduates will have a broad base of agricultural knowledge, and will be skilled in decision making, planning, organizing, presenting, and evaluating information. Through the successful completion of the required coursework, active participation in clubs and organizations, and the acquisition of technical skills and experiences associated with work experiences, internships, and international travel, graduates of our baccalaureate programs meet the university, college, and departmental outcomes in the following nine areas:

1. professional, interpersonal, and cross-cultural communications
2. problem solving and critical thinking
3. leadership
4. entrepreneurship
5. life-long learning
6. ethics
7. environmental awareness
8. U.S. diversity
9. international perspectives.

More information regarding the departmental learning outcomes can be found at www.ageds.iastate.edu/. (<http://www.ageds.iastate.edu/>)

Curriculum in Agricultural Studies

Administered by the Department of Agricultural Education and Studies. Students are encouraged to develop one or more areas of concentration in agricultural sciences and economics.

Production and Management Option

Total Degree Requirement: 120 cr.

Only 65 cr. from a two-year institution may apply which may include up to 16 technical cr.; 9 P-NP cr. of free electives; 2.00 minimum GPA.

University Requirements.:

ENGL 150	Critical Thinking and Communication	3
ENGL 250	Written, Oral, Visual, and Electronic Composition	3
	International Perspectives from approved list	3
LIB 160	Information Literacy	1
	US Diversity from approved list	3

Total Credits **13**

CALS Requirements

Communications Proficiency:

6 cr. of English composition with a C or better and 3 cr. of speech fundamentals with a C or better.

AGEDS 311	Presentation and Sales Strategies for Agricultural Audiences	3
BIOL 101 or BIOL 211	Introductory Biology Principles of Biology I	3
CHEM 163	College Chemistry	4
CHEM 163L	Laboratory in College Chemistry	1
ECON 101	Principles of Microeconomics	3
	Ethics Elective from approved list	3
	Humanities Elective from approved list	3
	Life Science elective from approved list	3
MATH 140	College Algebra	3
STAT 104	Introduction to Statistics	3

Total Credits **29**

Major Requirements

ACCT 284	Financial Accounting	3
AGEDS 110B	Agricultural Studies (Fall only)	1
AGEDS 215	Career Seminar	1
AGEDS 315	Personal, Professional, and Entrepreneurial Leadership in Agriculture	3
AGEDS 327	Survey of Agriculture and Life Sciences Communication	3
AGEDS 450	Farm Management and Operation	3
AGEDS 451	Agricultural Law	3

AGRON 181	Introduction to Crop Science	3
AGRON 182	Introduction to Soil Science	3
AGRON 280	Crop Development, Production and Management	3
AN S 101	Working with Animals	2
AN S 114	Survey of the Animal Industry	2
And 6 credit hours from AN S, any level or approved list		6
ECON 230	Farm Business Management	3
ECON 235	Introduction to Agricultural Markets	3
Econ 300 Level from Department Approved List		3
NREM 120	Introduction to Renewable Resources	3
or NREM 130	Natural Resources and Agriculture	
Total Credits		48

Other Required Course:**Electives: Select courses to get to 120 credits.**

No more than 4 cr. of or 397 may count toward graduation.

No more than 6 cr. of 490 may count toward graduation.

Multidisciplinary Option**Total Degree Requirement: 120 cr.**

Only 65 cr. from a two-year institution may apply which may include up to 16 technical cr.; 9 P-NP cr. of free electives; 2.00 minimum GPA.

University Requirements

ENGL 150	Critical Thinking and Communication	3
ENGL 250	Written, Oral, Visual, and Electronic Composition	3
LIB 160	Information Literacy	1
International Perspective from approved list		3
US Diversity from approved list		3
Total Credits		13

CALS Requirements**Communications Proficiency:**

6 cr. of English composition with a C or better and 3 cr. of speech fundamentals with a C or better.

BIOL 101	Introductory Biology	3
or BIOL 211	Principles of Biology I	
Ethics Elective from approved list		3
Humanities Elective from approved list		3
Life Science Elective from approved list		3
MATH 140	College Algebra	3
Physical Science Elective from approved list		5
Speech Elective from approved list		3
Social Science Elective from approved list		3

STAT 104	Introduction to Statistics	3
Total Credits		29

**Major Requirements
Agriculture and Life Sciences Core**

AGEDS 110B	Agricultural Studies (Fall only)	1
AGEDS 215	Career Seminar	1
AGEDS 412	Internship in Agricultural Education and Studies	3
AGEDS 490C	Business, Industry, and Production Agriculture	3
Minor from College of Agriculture and Life Sciences	Courses may not be double counted among minors	15
Minor from College of Agriculture and Life Sciences	Courses may not be double counted between minors	15
Minor from any ISU College	Courses may not be double counted among minors	15
Total Credits		53

Other Required Course:**Electives: Select courses to get to 120 credits.****Preveterinary Studies**

Preparation for admission to veterinary medicine may be accomplished through the agricultural studies curriculum.
