

HEALTH COACH

Health Coach - Certificate

The undergraduate health coach certificate provides a rigorous academic and theoretical background in three components of health (nutrition, exercise and motivational coaching) required to prepare workers for the challenges of being a health coach. The certificate provides additional credentials for students already pursuing a bachelor's degree in food science and human nutrition, kinesiology, or psychology. Students would be able to sit for the American Council on Exercise exam should they choose to do so.

Any Iowa State University student may apply for the undergraduate health coach certificate. Application form (<http://www.registrar.iastate.edu/sites/default/files/uploads/forms/Urequest.pdf>) The completed application should be submitted to the academic advisor in the student's home department: Food Science and Human Nutrition – Anne Oldham (aoldham@iastate.edu) Kinesiology – Marsha Wissink (mwissink@iastate.edu) Psychology – Ashley Phipps (phippsa@iastate.edu).

The Health Coach certificate requires 23 credits:

Note: Pre-requisites apply for all courses required in the health coach certificate.
