

AGRICULTURAL AND LIFE SCIENCES EDUCATION

OVERVIEW

Administered by the Department of Agricultural Education and Studies

For undergraduate curricula in agricultural and life sciences education, and agricultural studies, leading to the degree of bachelor of science, see College of Agriculture and Life Sciences, Curricula. (<http://catalog.iastate.edu/previouscatalogs/2022-2023/collegeofagricultureandlifesciences/>)

The department offers two curricula for students desiring to enter careers in agriculture and related fields. These curricula are agricultural and life sciences education and agricultural studies. The agricultural and life sciences education curriculum prepares persons for careers as agricultural education instructors, and educational specialists for industry, nonprofit organizations, and governmental agencies. The agricultural and life sciences education curriculum has two options, teacher certification and communications. The agricultural studies curriculum has two options, production and management and multidisciplinary. Graduates are prepared for careers in production agriculture and agricultural industry. Graduates of both curricula accept positions in agricultural business, industry, agencies, and production agriculture.

Student Learning Outcomes

Graduates will have a broad base of agricultural knowledge, and will be skilled in decision-making, planning, organizing, presenting, and evaluating information. Through the successful completion of the required coursework, active participation in clubs and organizations, and the acquisition of technical skills and experiences associated with work experiences, internships, and international travel, graduates of our baccalaureate programs meet the university, college, and departmental outcomes in the following nine areas:

1. professional, interpersonal, and cross-cultural communications
2. problem solving and critical thinking
3. leadership
4. entrepreneurship
5. life-long learning
6. ethics
7. environmental awareness
8. U.S. diversity
9. international perspectives.

More information regarding the departmental learning outcomes can be found at www.ageds.iastate.edu/. (<http://www.ageds.iastate.edu/>)

Curriculum in Agricultural and Life Sciences Education

Administered by the Department of Agricultural Education and Studies. Students majoring in Agricultural Education choose between two options: Teacher Certification or Communications.

Teacher Certification Option

Total Degree Requirement: 128 cr.

Only 65 cr. from a two-year institution may apply which may include up to 16 technical cr.; 9 P-NP cr. of free electives; 2.00 minimum GPA. Teacher certification requires 2.5 GPA at particular points in the program of study, and a minimum grade of C- in selected courses.

University Requirements:

ENGL 150	Critical Thinking and Communication	3
ENGL 250	Written, Oral, Visual, and Electronic Composition	3
	International Perspectives	3
LIB 160	Introduction to College Level Research	1
	US Diversity	3

Total Credits 13

CALS Requirements:

Communications Proficiency:

6 cr. of English composition with a C or better and 3 cr. of speech fundamentals with a C or better.

AGEDS 311	Presentation and Sales Strategies for Agricultural Audiences	3
	American History Elective	3
BIOL 211	Principles of Biology I	3
BIOL 211L	Principles of Biology Laboratory I	1
BIOL 212	Principles of Biology II	3
BIOL 212L	Principles of Biology Laboratory II	1
CHEM 163	College Chemistry	4
CHEM 163L	Laboratory in College Chemistry	1
ECON 101	Principles of Microeconomics	3
	Ethics Elective from Approved List	3
MATH 140	College Algebra	3
STAT 104	Introduction to Statistics	3

Major Specific Requirements - Agricultural Sciences and Economics (C- or higher required)

ACCT 284	Financial Accounting	3
	Ag Elective From Approved List	6

AGEDS 315	Personal, Professional, and Entrepreneurial Leadership in Agriculture	3
AGEDS 488	Methods of Teaching Agricultural Mechanics	3
AGRON 181	Introduction to Crop Science	3
AGRON 182	Introduction to Soil Science	3
AN S 101	Working with Animals	2
AN S 114	Survey of the Animal Industry	2
HORT 221	Principles of Horticulture Science	3
ECON 230	Farm Business Management	3
NREM 120	Introduction to Renewable Resources	3

Total Credits 34

Major Specific Requirements - Professional Credits (C or higher required except Psych 230):

AGEDS 110	Professional Development in Agricultural Education and Studies: New Student Seminar	1
AGEDS 211A	High School Agriculture Programs	1
AGEDS 310	Foundations of Agricultural Education Programs	3
AGEDS 401	Planning Agriculture and Life Sciences Education Programs	3
AGEDS 402	Methods of Teaching in Agriculture and Life Sciences	3
AGEDS 416	Pre-Student Teaching Experience in Agricultural Education	1
AGEDS 417	Supervised Teaching in Agriculture and Life Sciences	1-16
EDUC 333	Educational Psychology	3
PSYCH 230	Developmental Psychology	3
SP ED 401	Teaching Secondary Students with Exceptionalities in General Education	3

Total Credits 22-37

Electives: Select courses to get to 128 credits.

Communications Option: 128 cr.

Only 65 cr. from a two-year institution may apply which may include up to 16 technical cr.; 9 P-NP cr. of free electives; 2.00 minimum GPA.

University Requirements:

ENGL 150	Critical Thinking and Communication	3
ENGL 250	Written, Oral, Visual, and Electronic Composition	3
	International Perspectives	3
LIB 160	Introduction to College Level Research	1
	US Diversity	3

Total Credits 13

**CALS Requirements:
Communications Proficiency:**

6 cr. of English composition with a C or better and 3 cr. of speech fundamentals with a C or better.

AGEDS 311	Presentation and Sales Strategies for Agricultural Audiences	3
BIOL 211	Principles of Biology I	3
BIOL 212	Principles of Biology II	3
CHEM 163	College Chemistry	4
CHEM 163L	Laboratory in College Chemistry	1
ECON 101 or ECON 102	Principles of Microeconomics Principles of Macroeconomics	3
	Ethics Elective from Approved List	3
	Humanities Elective from Approved List	3
MATH 140	College Algebra	3
STAT 104	Introduction to Statistics	3

Total Credits 29

Major Specific Requirements - Professional Communications:

AGEDS 110	Professional Development in Agricultural Education and Studies: New Student Seminar	1
AGEDS 211C	Agricultural Industries and Agencies	1
AGEDS 215	Professional Development in Agricultural Education and Studies: Career Seminar	1
AGEDS 315	Personal, Professional, and Entrepreneurial Leadership in Agriculture	3
AGEDS 327	Survey of Agriculture and Life Sciences Communication	3
AGEDS 412	Internship in Agricultural Education and Studies	6
	Psych Elective From Approved List	3
	Communications Elective From Approved List	21

Total Credits 39

Major Specific Requirements - Agricultural Sciences and Economics:

Select one CALS area, take 12 credits including 6 credits at 300-400 level 12

Select additional CALS area, take 6 credits any level 6

Select additional CALS area, take 6 credits any level 6

Select any CALS area, take 9 credits any level 9

Total Credits 33

Electives: Select courses to get to 128 credits.

* Communications Option: In addition, students would have to meet requirements in the following areas.
 Select one technical agricultural area in which you will complete at least 12 credits (6 of these must be 300-400 level courses)
 Select two other technical agricultural areas in which you will complete at least 6 credits (2 courses) in each area.
 Select 9 credits of any agricultural science and economics electives.
 A 2.0 grade point average is required.

Minor - Agricultural and Life Sciences Education

The department offers a minor in agricultural and life sciences education which may be earned by completion of a minimum of 15 credits in agricultural education and studies courses, with a minimum of two courses at the 400 level. The minor must include at least 9 credits that are not used to meet any other department, college, or university requirement. A minor will not meet state licensure requirements for teaching high school agriculture. Courses that can be taken for a minor are:

AGEDS 211	Early Field Based Experience	1
AGEDS 310	Foundations of Agricultural Education Programs	3
AGEDS 311	Presentation and Sales Strategies for Agricultural Audiences	3
AGEDS 312	Science With Practice	3
AGEDS 315	Personal, Professional, and Entrepreneurial Leadership in Agriculture	3
AGEDS 327	Survey of Agriculture and Life Sciences Communication	3
AGEDS 388	Agricultural Mechanics Applications	3
AGEDS 402	Methods of Teaching in Agriculture and Life Sciences	3
AGEDS 412	Internship in Agricultural Education and Studies	2-6
AGEDS 414	Developing Agricultural Education Programs in Non-Formal Settings	2
AGEDS 450	Farm Management and Operation	3
AGEDS 451	Agricultural Law	3
AGEDS 461	Technology Transfer and the Role of Agricultural and Extension Education	3
AGEDS 488	Methods of Teaching Agricultural Mechanics	3
AGEDS 490	Independent Study in Agricultural Education and Studies	1-3
AGEDS 496	Agricultural Travel Course	1-3
AGEDS 499	Undergraduate Research	arr †

† Arranged with instructor.

Graduate Study

The department offers the degrees of master of science and doctor of philosophy, with a major in agricultural education; a specialization in agricultural extension education; opportunities for emphasis in international agricultural education; and a minor for students majoring in other curricula. Graduate students who have earned a bachelor's degree in an agricultural discipline may plan a course of study that leads to

teacher certification. Candidates pursuing the master of science degree may do so by completing either a thesis or nonthesis program of study.

Students have an opportunity to develop competence in disciplinary foundations and ethics, program planning, learning theory, instructional methods, program leadership and administration, program evaluation, research methodologies, data analysis and interpretation, writing for publication, and grant proposal writing.

The department also cooperates in the international development studies option of the General Graduate Studies Program. Courses and workshops are offered, both on and off campus, for extension educators, teachers, and industry and government personnel.
